

# **KINDERGARTEN GRADUATION SPEECH TIPS**

**A few extra tips to help you give the  
best speech possible**

- **Show a final draft of your speech to a kindergarten teacher and tell them how you will deliver it to make sure everything you say is understood by the children and is delivered in a fun way**

- **Deliver your speech in a bright, enthusiastic and fun way**

- **Keep your speech short in keeping with the attention span of the kids**

- **If the kindergarten has a key value such as Respect Others, for example, you can work that into your speech. You may be able to say how well it has helped the children to grow and how it will help them in the future**

- **Practise, practise, practise**
